Soft Skills

Hard-work, Dedication, Teamwork, Flexible, Reliable

WORKING EXPERIENCE

Mobile App and Front-End Developer

TS4U Ltd | October 2024 – March 2025

PROJECTS

JobQuest | Recruitment and Employment Platform.　　🔗 Live Link | Client Code | Server Code

- Implemented JWT verification using cookies, preventing unauthorized access to backend data.
- Developed data sorting functionality to allow users to filter job listings by availability.
- Enabled users to apply for jobs and employers to add, update, or delete job postings.
- Integrated Dark/Light mode for enhanced user interface customization.

Technologies: React, Tailwind, Firebase, DaisyUI, Axios, Express, MongoDB, JWT, Tanstack Query

TripBuddy | Tourism Management Platform.　　🔗 Live Link | Client Code | Server Code

- Designed and developed a tourism management platform for adding and booking trip destinations in the Southeast Zone.
- Integrated Firebase Authentication, restricting trip destination additions to logged-in users.

Technologies: React, Tailwind CSS, Firebase, DaisyUI, Express.js, MongoDB

Qada Prayers | Qada Prayers Management Mobile Application　　🔗 App Link | Client Code

- Created a residential real estate platform for listing properties for sale and rent.
- Categorized properties by senior living, single family homes, apartments, and student housing.
- Implemented Firebase Authentication, requiring user login to add new properties.

Technologies: React Native, Expo
